Response to Amendment

1. The new oath/declaration filed 9/15/2005 has been received.
2. Applicant's arguments see the remarks on page 9 filed 8/9/2004 with respect to claims 1-29 have been fully considered and are persuasive. The rejections of these claims have been withdrawn.

Allowable Subject Matter

3. Claims 1-34 are allowed.

The following is an examiner's statement of reasons for allowance: Schroeder et al (US 6,700,875) discloses a time invariant system as shown in figure 1, comprising a plurality of communication mediums. The communication mediums comprise at least a shared path 106 and a non-shared path connected to cable modems 104. Figure 2 discloses a method of selecting channels where the channel quality of one communication medium is compared to another communication medium. This allows a quality of service to be estimated for each communication medium but not for a likely communication path as is stated in claims 1-34.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
